

## Y11 – 3D printing NEA work

If you need any 3D printing to be done then you will need to:

1. Log in to FUSION 360 – the School account is [design@sjchs.uk](mailto:design@sjchs.uk) but email me for the password.
2. You might be better creating your own account at <https://www.autodesk.com/products/fusion-360/students-teachers-educators>  
**MAKE SURE TO USE YOUR SCHOOL EMAIL ACCOUNT**
3. Create your design/s and save to Fusion 360 and then **EXPORT** as .stl

4.

5. When saving it make sure to use **your name component name and colour** you want it printing. e.g. **FRED SMITH HANDLE 1 GREY**
6. Save it to your desktop and then **UPLOAD** it to [SharePoint>D&T>Manufacture>3D Print>Year 11 3D Print](#)
7. Email me to let me know that you have uploaded your .stl file at [philip.andrews@sjchs.uk](mailto:philip.andrews@sjchs.uk)
8. You can also attach your .stl file to the email for added likelihood of me receiving it.

I will then print it as soon as practicable and let you know when it is done. I'll photo it and send it to you via your School email account.
